Access 2 Program's Letter of support for MagnusCards Partnerships

Access 2 program seeks to offer more opportunities for people with special needs to participate in recreational activities. Access 2 Card members can present the card along with a piece of ID at their attraction of choice, and their attendant will receive a free ticket. The Access 2 card is accepted at entertainment, cultural, tourist, and recreational venues across Canada.

Access 2 has long been supportive of Magnusmode Ltd., and its mission to help people with special needs to live with greater inclusion, independence and confidence in their communities. The Magnusmode application, MagnusCards, provides people with special needs with a handheld guide for accessing activities in the community, including going to movies, museums and shopping. As such, the Access 2 program would like to formally establish our support of this program.

We strongly encourage corporations and community leaders to partner to create specialized card decks via MagnusCards. These card decks will compliment the Access 2 Card, increasing accessibility of your events and spaces. Our scope of support will include sharing the information generated by these partnerships to our Access 2 cardholders (an estimated 43, 000 active cardholders across Canada), whether or not the partner venue supports the Access 2 card. The majority of our support will exist though our online media communications

We feel that this is an opportunity to help the community at large and we stand firmly behind it.

A handwritten signature in black ink, appearing to read "Brian Chan". The signature is fluid and cursive.
